- recruiting is done during a personal conversation by a woman or a pair
- female recruiter is a well-dressed, self-confident woman...according to her, she works abroad
- if necessary, s/he can also get a passport, visa and organize the travel

Identification of trafficked persons. What is it?

...a complex of measures during which a specialist on the basis of data obtained from presumed trafficked person or from individuals or legal persons, which have information about illegal actions, committed against this victim, analyses the obtained information, compares elements of the committed crime with elements of definition of trafficking in persons and comes to the conclusion that this person is a victim of trafficking in persons.

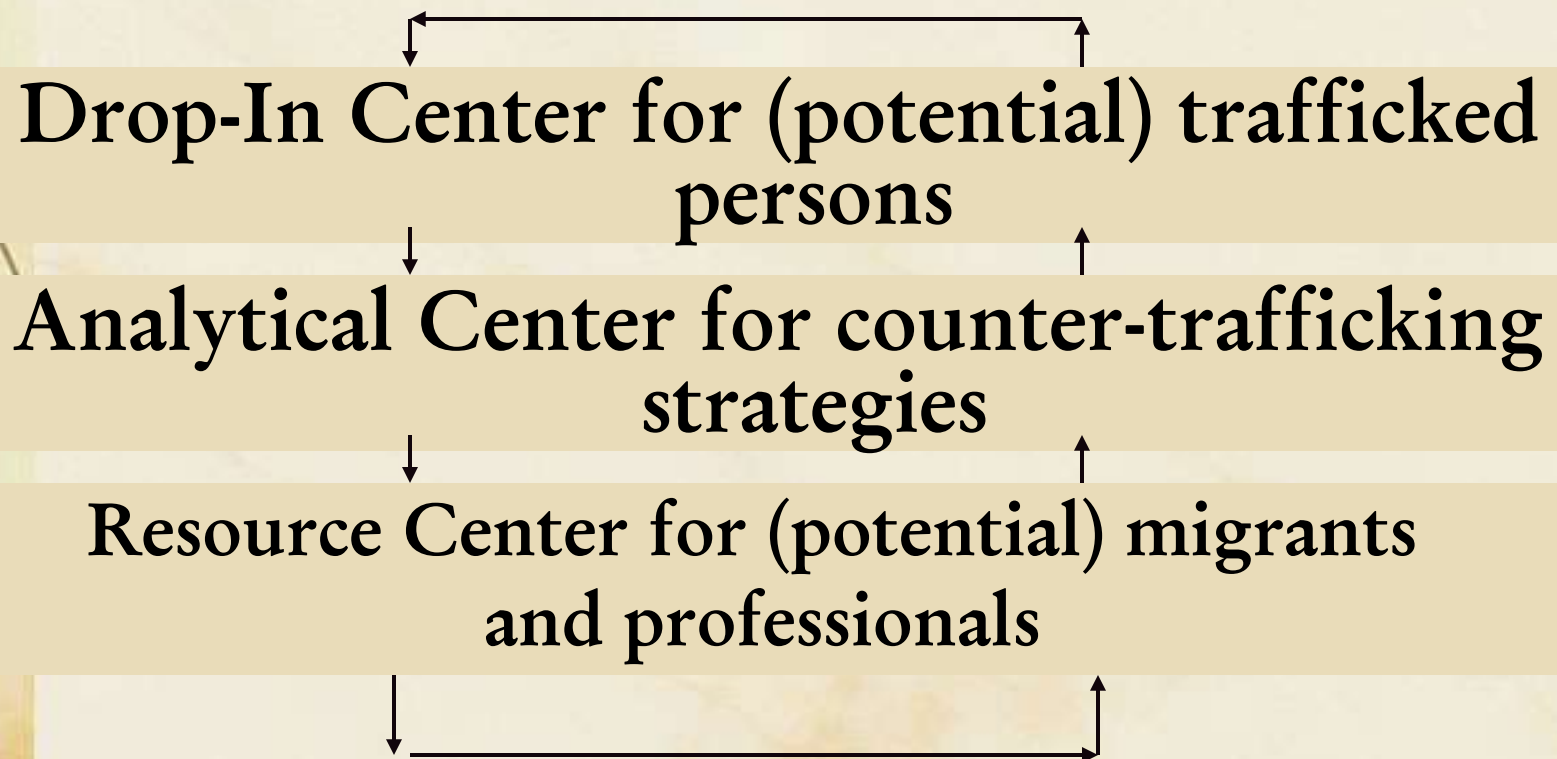

Identification of trafficked persons is targeted to provide victims with access to a minimal package of necessary and free assistance, the amount of which is established in compliance with the legislation.

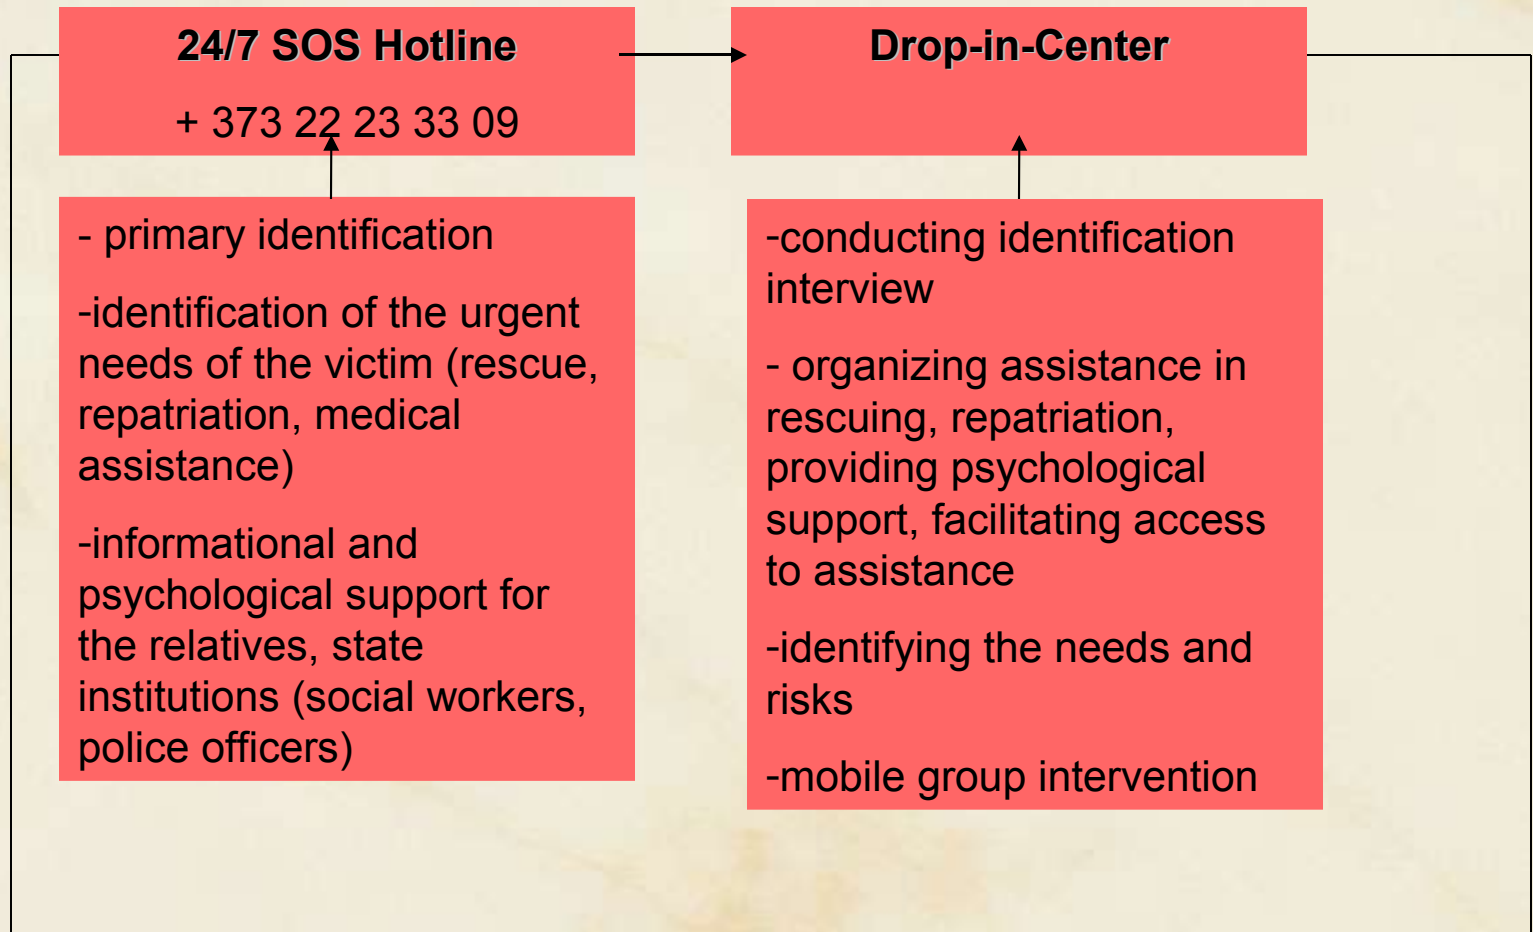

Identification. What are the approaches?

- Priority of human rights of a person - victim of trafficking
- Commitment manifested by the state
- Participation of civil society
- Interdisciplinary and intersectoral approach
- Cooperation with other states
